8. The time and effort spent to study the course correspond to the credits assigned

9. Relevance of laboratory / Field work

We have gained information about system of nomenclature and still is used today. Recently, it is as diverse as the animal kingdom studies, broadening its range to field of genetics and biochemistry. The types of jobs, zoologists perform also are quite diverse. The zoology undergraduate major is chosen by many students who seek a career in one of the several health care professions. So we are interested in majoring in zoology actually could receive a degree of zoology. It is very much useful to job carriers in government, private and in abroad.
